RE: Multiscale Systems, Inc. spotlighted in local TV and press

DATE: June 27, 2019

Worcester, MA, June 27, 2019 – Multiscale Systems, Inc. has caught the attention of central MA’s WNT Channel 3 news and the Worcester Business Journal.

The publicity stems from the recent announcement of a NASA R&D contract awarded to *Multiscale Systems, Inc.* This NASA contract will provide federal seed dollars to support the development of advanced materials in central MA.
